3. General Terms

3.1 The deposit bonus is automatically added to the credit facility of the MT4 trading platform once a minimum transfer in of \$100 (USD) has been made.

3.2 The amount of the deposit bonus will be 100% of the transfer in amount, up to a maximum of \$500 (USD).

Example:

Client transfers \$500 (USD) into the MT4 Trading Platform. The Client balance will be \$500 (USD), and the available credit facility will be \$500 (USD). The account total Equity will be \$1,000 (USD).

3.3 The deposit bonus is non-losable. This means the bonus can be used as additional margin to open more positions, however it cannot be used to maintain unrealised losses beyond the client balance. Any remaining credit is automatically removed if the account equity falls below the credit amount.

3.6 The deposit bonus is applied only once per client profile.

3.7 While there is available credit in the trading account, the 'Transfer Out' option will be locked. Clients may request a withdrawal of their remaining balance at any time via email to support@oqtima.com or via chat.

3.8 OQtima shall not honour the deposit bonus to any client deemed to not be acting in good faith and reserves the right to remove any credit immediately and without notice from the trading platform in such cases.

3.9 All trading activities conducted using the deposit bonus must adhere to OQtima's standard terms and conditions and trading policies.

4. Withdrawal Requirements

4.1 Withdrawal is always available, however, if you have not reached the Minimum Trading Volume below, your bonus will be removed.

For instance, if you initially deposit \$500 and receive an additional \$500 bonus for trading, your account starts with \$1,000.

Suppose your balance grows to \$1,200 and you choose to withdraw your profits; you can withdraw up to \$700.

However, doing so will forfeit your \$500 bonus and your balance will go to zero.
